Melanie, Keith, Dane, Thomas, Doug:

All the regulatory agencies have reviewed the agenda and I already gave you a heads up about the two items that EPA added (RAB and dust and asbestos)

I added one item - discussion of Parcel B and G hot spot excavations - specifically the City's request for Navy to do those excavations prior to Early Transfer. I just spoke to Doug about adding that as a discussion topic (Melanie I left you a message prior to talking to Doug).

We still need the call-in number - can you please add?

Once you add the call-in number -please send back and I'll email to everyone.

thanks,
Amy Brownell, P.E.
